SUMMARY

Aspiring UI/UX Designer with hands-on experience in designing **user-centered digital experiences, high-fidelity interfaces, and interactive prototypes using Figma**. Skilled in ***UX research, user flows, wireframing, design systems, and AI-assisted design and development, focused on solving real-world problems through intuitive, visually engaging, and user-friendly solutions.***

PROFESSIONAL EXPERIENCE

UI/UX Intern 06/2026 – 09/2026
Wyreflow Technologies Bhopal,MP
- Designed wireframes, user flows, and high-fidelity UI prototypes using Figma.
- Conducted user and competitor research to identify usability insights and design opportunities.
- Collaborated with the team to refine designs using UX principles, design systems, and feedback.

Research Analyst 03/2026 – 06/2026
Highspring India LLP Gurgaon,Haryana
- Conducted research and analysis for Generative AI projects in collaboration with Google.
- Contributed to project development and collaborated with cross-functional teams to achieve project goals.
- Strengthened analytical and problem-solving skills while working in a dynamic startup environment at Highspring India.

Website Designer 10/2025 – 12/2025
Hidayat International Kanpur,UP
- Designed responsive, user-friendly website interfaces and page layouts based on business requirements.
- Created UI components with a focus on usability, visual hierarchy, typography, and consistency.
- Collaborated with the team to refine designs based on feedback and project requirements.

CERTIFICATES

- Design Psychology: Master the Art and Science of UX Design
- UX Foundations: Prototyping
- Figma for UX Design

PROJECTS

Finova 08/2026 – 09/2026
Fintech app
- Designed a personal finance management app that helps users track expenses, manage budgets, monitor cash flow, and set savings goals.
- Created intuitive, high-fidelity UI screens and an interactive desktop dashboard with transaction tracking, budget insights, and financial analytics.
- Applied user-centered design principles, visual hierarchy, colour theory, and consistent design systems to deliver a clean, engaging, and user-friendly experience.

Bundle 09/2026 – 10/2026
E-commerce app
Designed Bundle, a user-focused digital experience with an engaging and visually consistent interface. Focused on intuitive navigation, clear visual hierarchy, and a cohesive design system to improve usability and create a seamless user experience.

Hireshala 06/2026 – 07/2026
Job Portal | UI/UX Design Project

Designed a job portal from scratch to help job seekers discover relevant opportunities and navigate their job search with greater ease and clarity. The project focused on understanding the challenges candidates face while searching, filtering, and applying for jobs. Through user research and journey mapping, I translated these needs into intuitive user flows and a structured information architecture. I designed key experiences including job discovery, search and filters, job details, application tracking, candidate profiles, and recruitment-related interactions using Figma.

EDUCATION

Master's in political Science 07/2022 – 12/2024
Indira Gandhi National Open University Delhi,India

Bachelor's of Education 07/2022 – 07/2024
Maharishi Dayanand University Rohtak,Haryana

SKILLS

- User Research
- User Journey Mapping
- Wireframing
- High-Fidelity UI Design
- Responsive design
- User Personas & Empathy Mapping
- Information Architecture
- Prototyping
- Design System
- Figma & FigJam
